WHEN: Thursday, February 9
WHERE: Student Center, Illinois Room
TIME: 12:00 PM

Africa is more than a place. It is a state of mind. Each summer SIUC students and faculty travel to Ghana to experience a life and a culture that is vibrant, unique and leaves an indelible impression on visitors. Real life personal stories, invaluable information, mind-expanding inspiration, authentic goods and some really great photographs will be shared with the audience. All are welcome. This event is co-sponsored with Black American Studies
