

Call for Nominations

The A/P Staff Council invites nominations and self-nominations to fill regular vacancies on the Council beginning May 2008. Each of the sectors shall be entitled to one representative to the Council for each fifty (50) or majority fraction of fifty members of its constituency. The number of members of each sector's constituents will be determined from the appointment records of the University as of January 31. This year, vacancies exist in all four sectors: **1 in Academic Affairs; 2 in General; 1 in the School of Medicine; and 1 in Student Affairs.** Terms of office are three years, i.e., through May 2011.

To make a nomination, we are asking that you please submit a brief biographical sketch of the prospective candidate (length of employment at SIU, any university and/or community service, etc.). Self nominations are welcome. The bio information should be approximately 75 words. This information should be completed on the lower portion of this sheet and returned to the address below. Elections will be conducted by mailed ballot in late March, and results will be ratified by the Council at its April 16 meeting.
